FlexONE™

Order and Execution Management System (OEMS)

Partner with FlexTrade for a new OEMS

FlexTrade's FlexONE™ is a next-generation multi-asset Order and Execution Management System (OEMS) for hedge funds, asset managers, and unique trading desks connecting over 300 brokers via our FlexLINK broker network. FlexTrade is a trusted technology and innovation partner to some of the world's largest and most demanding hedge funds. FlexONE OEMS delivers on the following parameters.

Performance

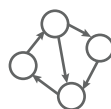

State-of-the-art gRPCAPI framework to maximize performance

Scalability

FlexONE can handle thousands of orders and millions of executions while processing full order life cycle

Flexibility

Open-architecture, multi-asset OEMS that supports equities, fixed income, cash, foreign exchange

Flexible multi-asset OEMS

FlexONE is designed to be a seamlessly integrated multi-asset OEMS solution—growing alongside your business needs and requirements as your portfolios diversify or trading volumes grow.

Our core focus

FlexTrade has over 25 years of experience developing, implementing, and supporting OEMS solutions for the buy-side community. Cutting-edge, best-of-breed OEMS solutions are our core focus.

Technology partner versus technology vendor

When clients partner with FlexTrade, they not only replace software but choose our experience to re-engineer processes, utilize our expertise of best practices from previous implementations, and leverage our deep domain knowledge and know-how to optimize trading workflows.

Client-dedicated client service model

FlexONE clients leverage a dedicated client service team comprising engineers and technical experts who own the relationship from implementation to post go-live. Other vendors utilize their broader organization framework for support and technical assistance.

Continuous product re-investment

FlexTrade continually re-invests in the FlexONE solution to bring new asset classes and product innovation to market to enable investment teams to stay ahead of the curve. The output is regular releases of new enhancements and technology roadmaps that FlexONE clients directly drive in partnership with us.

Hosted SaaS solution

With scale and efficiency at the top of mind for Hedge Funds, FlexONE can be delivered as a secure, SaaS solution delivering high-performance and cost savings via a hosted infrastructure.
